Dear Norbert Kreuzkamp,

The European SEN@ER Secretariat has the pleasure to inform you about the first "European Local Authorities Competition on Good Practices on the Support for Migrant Elders' Initiatives" (ELAC): Cultural and ethnic diversity of an ageing population - an opportunity for Europe's towns and municipalities

Local authorities are key players when it comes to improving the quality of life of their citizens. In 2010/2011 a first European competition will award municipalities for their innovative initiatives in the mutual integration of migrant elders.

The competition was launched by the SEN@ER lead partner, the Ministry for Intergenerational Affairs, Family, Women and Integration of the State of North-Rhine Westphalia and the Council of European Municipalities and Regions (CEMR), in partnership with the Committee of the Regions and is running under the patronage of the President of the European Parliament.

The prizes to be awarded will revolve around local authority initiatives for the mutual integration of migrant elders in all municipal fields of activity for the improvement of the quality of life of elderly people:

- housing,
- leisure and culture,
- social and intergenerational activities
- support of economic activities related to culturally sensitive products and services
- support of volunteering by and for migrant elders.

The application package including this call for submissions, an application form and a validation form is available at the following website:

<http://www.aktioncourage.de/ELACinenglish>.

The deadline for application is 31 October 2010.

There is no right of appeal.
