

Dear colleagues of working group I,

We should try to write down our productive discussion and results from Zagreb for the conference in Barcelona, as we had already begun in Zagreb.

On June 18th, Jean Pierre sent around our first paper (see attachment) with the collection of keywords on the topic Employability. To go one step forward in this process, we could collect our remarks, additions, ideas, new theses and discussion contributions to this paper from Zagreb.

In the video conference of working group I at August 10th, we considered the following way of proceeding and schedule.

Collect:

All additions to our first paper will be collected as well as all new contributions. Please send them to me until September 5th 2010 – *first deadline*.

Send I:

I will bundle your files to one document and will send it to all working group members at September 6th – *first email*.

Discuss:

On Tuesday September 7th, we can discuss this collection in the **videoconference** of our working group.

Finish off:

Up to September 9th further contributions and ideas can be handed in – *second deadline*.

Send II – Finish:

On September 10th I will bundle your additions one more time to one document and I will send it to all working group members and project partners – *second email*.

Before the conference in Barcelona will start, this makes it possible to present our Zagreb-Paper of Employability to all members. Thus all will be able to print it out and read it.

Best regards,

Stewart Gold
